Sathyanarayanan Palani

Based on ADDL requirements Sathiya has created combined UPM and low margin results into a very powerful insights to help customer narrow down to specific problems related to margin and EV related issues. Nice work Sathiya and keep it up.

This award honors the impact you have demonstrated through:

Quality

- We are disciplined to deliver products and services that our customers and partners can always rely on.
- We set and achieve high quality and security standards.
- We cultivate talent to do the right things right.

Sincerely,
SANJAY TIWARI
